### STORY

Sakimoto Wakaba is an average, run-of-the-mill high school girl. She was having a lot of difficulty deciding what she wanted to do for her future career. Then she met the genius voice actress, Touko Hosoko, and Wakaba's life changed in a big way. Deeply moved by Touko's ability to bring happiness to others with her voice, Wakaba decided to pursue the dream of becoming a voice actress.

Wakaba finds strength and support from her childhood friend Tomohiro Sakaki, her best friend Serina Arai, the strict but kind voice actress idol, Runa Ayashiro, and a chance encounter with the tomboyish Kuu Sonozaki, who also wants to be a voice actress.

She was invited to voice acting training for Voice Connect's entrance test. For her personal reading, Wakaba read out a picture book from her childhood, putting everything she had into her performance. We now approach the final scene. What is the final test awaiting Wakaba..?
